# REINFORCED PVC BRAIDED HOSE

Clear PVC hose reinforced with textile braiding - also known as PVC/CTR. Ideal for air, water and fluid systems and other applications which require blockages to be quickly and easily detected.

- Construction:** Clear PVC with polyester yarn braiding.
- Coil Length:** 30 metres - all sizes (alternative coil lengths available on request).
- Colours:** Clear, black, red and blue as standard, other colours available.
- Toxicity:** Low toxicity, all raw materials used in construction meet FDA standards.

Part Number	Inside Diameter (inches)	Inside Diameter (mm)	Outside Diameter (mm)	Working Pressure (psi) at 20°C
