## DIN 73379-2A Fuel Hose

A black rubber textile reinforced hose for conveying commercial fuels, including Super Grade and E10. Suitable for Diesel fuels with Bio-Diesel addition.

Construction: Cover: Black smooth CR.  
Reinforcement: High tensile synthetic textile plies.  
Liner: Black smooth NBR

Temperature: -30°C to + 50°C (Petrol), 65°C (Diesel)

Identification: COHLINE 2134. *Size Code- Size mm x mm- > NBR/  
CR < Batch Code*

Safety Factor 3:1 (Burst pressure 3 times working pressure)

Part Number	Bore (mm)	Outside Diameter (mm)	Working Pressure (Bar)	Minimum Bend Radius (mm)
