

SPECTRUM HOSE LTD

Handling the Pressure.....

T1710-EP HEAVY DUTY HIGH TEMPERATURE WATER HOSE.

A black rubber hose with two imbedded steel helix wires to allow greater flexibility and kink resistance. For suction and delivery of water.

Construction: A mandrel built black EPDM rubber liner with high tensile textile cord reinforcement and two high tensile steel wire helix. Black rubber outer cover.

Identification: thor HOT WATER + 120°- WP 10 BAR

Length: Maximum 61 metre coils

Temperature: -40°C to +120°C.

Part Number	Inside Diameter (mm)	Inside Diameter (inches)	Outside Diameter (mm)	Working Pressure at 20°C (bar)	Nominal Burst Pressure (bar)	Vacuum (bar)	Weight (Kg/mtr)	Minimum Bend Radius (mm)
