Silicone Radiator Elbows

Silicone radiator hose elbows, for use in cooling and heating systems on Motor Vehicles, Buses, Trucks, Coaches and Plant Machinery. Physically and chemically compatible with coolant and corrosion inhibitors. Exceed SAE J20R1 class A.

Construction.	Silicone Liner and Cover with fine mesh Polyester reinforcement.
Temperature.	-50°C +180°C
Shore Hardness	65 + 5

From 6mm to 152mm Bore.

Size range	Reinforcement
6mm to 48mm	3 Ply Polyester
50.8mm to 95mm	4 Ply Polyester
102mm to 152mm	5 Ply Polyester

Elbow Angle	Legs lengths			
45° Internal	100mm	152mm		
90° Internal	100mm	152mm	200mm	250mm
135° Internal	102mm	152mm		
180° U bend	102mm	152mm
